Parkside Trails Community Development District

Meeting Agenda

November 18, 2025

AGENDA

Parkside Trails Community Development District

219 E. Livingston Street, Orlando, Florida 32801

Phone: 407-841-5524 – Fax: 407-839-1526

November 11, 2025

Board of Supervisors Parkside Trails Community Development District

Dear Board Members:

The Special meeting of the Board of Supervisors of the Parkside Trails Community Development District will be held <u>Tuesday</u>, <u>November 18</u>, <u>2025</u> at <u>3:00 PM</u>, or shortly thereafter as reasonably possible, at the Cooper Memorial Library, 2525 Oakley Seaver Drive, Clermont, Florida. Following is the advance agenda for the regular meeting:

- 1. Roll Call
- 2. Public Comment Period
- 3. Financing Matters
 - A. Consideration of Supplemental Assessment Methodology Report
 - B. Consideration of Resolution 2026-01 Supplemental Assessment Resolution
 - C. Approval of Supplemental Notice of Imposition of Special Assessments
 - D. Consideration of Disclosure of Public Financing Report
 - E. Ratification of Series 2025 Requisition #1
- 4. Staff Reports
 - A. Attorney
 - B. Engineer
 - C. District Manager's Report
 - i. Balance Sheet and Income Statement
 - ii. Ratification of Funding Request #14
 - D. Field Manager's Report
- 5. Other Business
- 6. Supervisor's Requests
- 7. Adjournment

The balance of the agenda will be discussed at the meeting. In the meantime, if you should have any questions, please contact me.

Sincerely,

George S. Flint

George S. Flint District Manager

Cc: Tucker Mackie, District Counsel John Powell, District Engineer Steve Sanford, Bond Counsel Jon Kessler, Underwriter Scott Schuhle, Trustee

GMS-CF, LLC does not represent the Parkside Trails Community Development District as a Municipal Advisor or Securities Broker nor is GMS-CF, LLC registered to provide such services as described in Section 15B of the Securities and Exchange Act of 1934, as amended. Similarly, GMS-CF, LLC does not provide the Parkside Trails Community Development District with financial advisory services or offer investment advice in any form.

1.0 Introduction

The Parkside Trails Community Development District is a local unit of special-purpose government organized and existing under Chapter 190, Florida Statutes, as amended (the "District"). The District will issue on November 20, 2025, its \$8,395,000 of tax exempt bonds (the "Series 2025 Bonds" or "Bonds") for the purpose of financing certain infrastructure improvements within the District described in the Engineer's Report dated September 19, 2024 updated January 10, 2025 as supplemented by the First Supplemental Engineer's Report For The Parkside Trails Community Development District dated August 27, 2025 prepared by Vanasse Hangen Brustlin, Inc (the "District Engineer"), as may be amended and supplemented from time to time (collectively, the "Engineer's Report"). The District anticipates the construction and/or acquisition of public infrastructure improvements consisting of improvements that benefit property owners within the herein defined 2025 Project Area within the District.

1.1 Purpose

This First Supplemental Assessment Methodology (the "Supplemental Assessment Report") supplements the Master Assessment Methodology dated September 25, 2024 revised January 29, 2025 (the "Master Report" and together with this Supplemental Assessment Report, the "Assessment Report") and provides for an assessment methodology for allocating the debt assessments to properties within the District based on the special benefits each receives from a portion of the District's capital improvement plan as described in the Engineer's Report ("CIP") relating to Phases 1 & 3 of development (herein the "Series 2025 Project"). The Assessment Report is designed to conform to the requirements of Chapters 170, 190, and 197, Florida Statutes with respect to special assessments and is consistent with our understanding of case law on this subject.

Prior to the issuance of Bonds the District will impose non ad valorem special assessments on the benefited lands within the 2025 Project Area within the District securing the repayment of the Series 2025 Bonds based on this Supplemental Assessment Report. It is anticipated that all of the proposed special assessments will be collected through the Uniform Method of Collection described in Section 197.3632, Florida Statutes or any other legal means of collection available to the District. It is not the intent of this Supplemental Assessment Report to address any other assessments, if applicable, that may be levied by the District, a homeowner's association, or any other unit of government.

1.2 Background

The District consists of approximately 255 acres within the City of Clermont, Lake County, Florida. The development program for Parkside Trails Phases 1 & 3 contains 496 platted residential units (herein the "2025 Project Area"), which represents a

portion of the planned development within the District (the "Development"). It is recognized that such land use plan may change, and this Supplemental Assessment Report will be modified accordingly. The Development units planned for the 2025 Project Area, ultimately are the benefitting properties of the Series 2025 Project and are anticipated to fully absorb and secure the debt assessments pledged to the Series 2025 Bonds.

The public improvements contemplated by the District in the Series 2025 Project will provide facilities that benefit the assessable property within the 2025 Project Area within the District. The Series 2025 Project is delineated in the Engineer's Report. Specifically, in regard to the Series 2025 Project, the District will construct and/or acquire certain stormwater improvements, roadways, water & wastewater utilities, lift station & forcemain, reclaim water main utilities, reclaim well & pump infrastructure, hardscape, landscape & irrigation, offsite utility, differential cost of undergrounding electric, and soft costs. Only a portion of the CIP constituting the Series 2025 Project will be funded with the available net proceeds of the Series 2025 Bonds. The Series 2025 Project estimated acquisition and construction costs are summarized in Table 2.

The assessment methodology is a four-step process.

- 1. The District Engineer must first determine the public infrastructure improvements that may be provided by the District and the costs to implement the Series 2025 Project.
- 2. The District Engineer determines the assessable acres that benefit from the District's Series 2025 Project.
- 3. A calculation is made to determine the funding amounts necessary to acquire and/or construct the Series 2025 Project.
- 4. This amount is initially divided equally among the benefited properties on a prorated gross acreage basis. Ultimately, as land is platted, site planned, or subjected to a declaration of condominium, this amount will be assigned to each of the benefited properties based on an ERU basis.

1.3 Special Benefits and General Benefits

Improvements undertaken by the District create special and peculiar benefits to the assessable property within the 2025 Project Area within the District, different in kind and degree than general benefits, for properties outside of the 2025 Project Area and outside of its borders as well as general benefits to the public at large.

However, as discussed within this Supplemental Assessment Report, these general benefits are incidental in nature and are readily distinguishable from the special and peculiar benefits, which accrue to the assessable property within the 2025 Project Area within the District. The implementation of the Series 2025 Project enables properties

within the 2025 Project Area boundaries to be developed. Without the District's Series 2025 Project, there would be no infrastructure to support the development of land within the 2025 Project Area within the District. Without these improvements, the proposed Development within the 2025 Project Area within the District would be prohibited by law.

There is no doubt that the general public and property owners outside of the 2025 Project Area and outside of the District will benefit from the provision of the District's Series 2025 Project. However, these benefits will be incidental to the District's Series 2025 Project, which is designed solely to meet the needs of property within the 2025 Project Area within the District. Properties outside the 2025 Project Area within the District boundaries do not depend upon the District's Series 2025 Project. The property owners within the 2025 Project Area within the District are therefore receiving special benefits not received by those outside of the 2025 Project Area and outside the District's boundaries.

1.4 Requirements of a Valid Assessment Methodology

There are two requirements under Florida law for a valid special assessment:

- 1) The properties must receive a special benefit from the improvements being paid for.
- 2) The assessments must be fairly and reasonably allocated to the properties being assessed.

Florida law provides for a wide application of benefit that meets these two characteristics of special assessments.

1.5 Special Benefits Exceed the Costs Allocated

The special benefits provided to the property owners within the 2025 Project Area within the District are greater than the costs associated with providing these benefits. The District Engineer estimates that the District's Series 2025 Project that is necessary to support full development of property will cost approximately \$35,027,300. The District's underwriter has determined that financing costs required to fund a portion of the Series 2025 Project, the cost of issuance of the Bonds, and the funding of the debt service reserve account are \$8,395,000. Additionally, funding required to complete the Series 2025 Project which is not funded with the proceeds of the Series 2025 Bonds is anticipated to be funded by Pulte Home Company, LLC (the "Developer"), or a related developer entity. Without the Series 2025 Project, the property within the 2025 Project Area would not be able to be developed per the Development program and occupied by future residents of the community.

2.0 Assessment Methodology

2.1 Overview

The District plans to issue approximately \$8,395,000 in Series 2025 Bonds to fund a portion of the District's Series 2025 Project, fund a debt service reserve account, and pay costs of issuance. It is the purpose of this Assessment Report to allocate the \$8,395,000 in debt to the properties benefiting from the Series 2025 Project.

Table 1 identifies the proposed land uses as identified by the Developer and current landowners of the land within the 2025 Project Area of the District. The District has relied on the Engineer's Report to develop the costs of the Series 2025 Project needed to support a portion of the Development; these estimated construction costs are outlined in Table 2. The improvements needed to support the 2025 Project Area are described in detail in the Engineer's Report and are estimated to cost \$35,027,300. Based on the estimated costs, the size of the bond issue under current market conditions needed to generate funds to pay for a portion of the 2025 Project and related costs is estimated by the District's underwriter to total \$8,395,000. Table 3 shows the breakdown of the bond sizing for the Series 2025 Bonds.

2.2 Allocation of Debt

The 2025 Project funded by the District's Series 2025 Bonds benefits all the platted residential property within the 2025 Project Area within the District. The initial assessments will be levied on an equivalent residential unit basis and will be allocated to the platted residential property within the 2025 Project Area within the District. A fair and reasonable methodology allocates the debt incurred by the District proportionately to the properties receiving the special benefits.

The assignment of debt in this Assessment Report sets forth the process by which debt is apportioned. As mentioned herein, this Assessment Report will be supplemented from time to time.

2.3 Allocation of Benefit

The 2025 Project includes but is not limited to stormwater improvements, roadways, water & wastewater utilities, lift station & forcemain, reclaim water main utilities, reclaim well & pump infrastructure, hardscape, landscape & irrigation, offsite utility, differential cost of undergrounding electric, and soft costs as further provided in the Engineer's Report. There are *five* residential product types within the planned Development for the 2025 Project Area. The single family 50' lot has been set as the base unit and has been assigned one equivalent residential unit ("ERU") per lot. The

CIP for the District is reflected in Table 2. Table 4 shows the allocation of the Series 2025 Project to the particular land uses. It is important to note that the benefit derived from the improvements on the particular units exceeds the cost that the units will be paying for such benefits.

2.4 Lienability Test: Special and Peculiar Benefit to the Property

Construction and/or acquisition by the District of the proposed Series 2025 Project will provide several types of systems, facilities and services for its residents. These include stormwater improvements, roadways, water & wastewater utilities, lift station & forcemain, reclaim water main utilities, reclaim well & pump infrastructure, hardscape, landscape & irrigation, offsite utility, differential cost of undergrounding electric, and soft costs. These improvements accrue in differing amounts and are somewhat dependent on the type of land use receiving the special benefits peculiar to those properties, which flow from the logical relationship of the improvements to the properties.

For the provision of the 2025 Project relating to the Development, the special and peculiar benefits are:

- 1) the added use of the property,
- 2) added enjoyment of the property, and
- 3) the probability of increased marketability and value of the property.

These special and peculiar benefits are real and ascertainable but are not yet capable of being calculated as to value with mathematical certainty. However, each is more valuable than either the cost of, or the actual non-ad valorem special assessment levied for the improvement or the debt as allocated.

3.0 True Up Mechanism

Although the District does not process plats, declarations of condominiums, site plans or revisions thereto for the Developer, it does have an important role to play during the course of platting and site planning. Whenever a plat, declaration of condominium or site plan is processed, the District must allocate a portion of its debt to the property according to this Assessment Report outlined herein. In addition, the District must also prevent any buildup of debt on Unassigned Properties. Otherwise, the land could be fully conveyed and/or platted without all of the debt being allocated. To preclude this, at the time Unassigned Properties become Assigned Properties, the District will determine the amount of anticipated assessment revenue that remains on the Unassigned Properties, taking into account the proposed plat, declaration of condominium, or site plan approval. If the total anticipated assessment revenue to be generated from the Assigned and Unassigned Properties is greater than or equal to the maximum annual debt service, then no debt reduction or true-up payment is required.

In the case that the revenue generated is less than the required amount then a debt reduction or true-up payment by the landowner in the amount necessary to reduce the par amount of the outstanding Bonds plus accrued interest to a level that will be supported by the new net annual debt service assessments will be required. Unless the 2025 Project Area is re-platted this section 3.0 shall not be applicable.

4.0 Assessment Roll

The District will distribute the liens across the 496 platted lots within the boundaries of the 2025 Project Area within the District. The current assessment roll is depicted in Table 7.

SECTION B

RESOLUTION 2026-01

A RESOLUTION MAKING CERTAIN FINDINGS; APPROVING THE SUPPLEMENTAL ENGINEER'S REPORT AND SUPPLEMENTAL ASSESSMENT REPORT; SETTING FORTH THE TERMS OF THE SERIES 2025 BONDS; CONFIRMING THE MAXIMUM ASSESSMENT LIEN SECURING THE SERIES 2025 BONDS; LEVYING AND ALLOCATING ASSESSMENTS SECURING SERIES 2025 BONDS; ADDRESSING COLLECTION OF THE SAME; PROVIDING FOR THE APPLICATION OF TRUE-UP PAYMENTS; PROVIDING FOR A SUPPLEMENT TO THE IMPROVEMENT LIEN BOOK; PROVIDING FOR THE RECORDING OF A NOTICE OF SPECIAL ASSESSMENTS; AND PROVIDING FOR CONFLICTS, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, the Parkside Trails Community Development District ("District") has previously indicated its intention to undertake, install, establish, construct, or acquire certain public infrastructure improvements and to finance such public infrastructure improvements through the imposition of special assessments on benefitted property within the District and the issuance of bonds; and

WHEREAS, the District's Board of Supervisors ("Board") has previously adopted, after notice and public hearing, Resolution 2025-01, relating to the imposition, levy, collection, and enforcement of such special assessments; and

WHEREAS, pursuant to and consistent with the terms of Resolution 2025-01, this Resolution shall set forth the terms of bonds to be issued by the District and apply the adopted special assessment methodology to the actual scope of the project to be completed with such series of bonds and the terms of the bond issue; and

WHEREAS, on November 6, 2025, the District entered into a Bond Purchase Agreement whereby it agreed to sell its \$8,395,000 Parkside Trails Community Development District Special Assessment Bonds, Series 2025 (2025 Project Area) (the "Series 2025 Bonds"); and

WHEREAS, pursuant to and consistent with Resolution 2025-01, the District desires to set forth the particular terms of the sale of the Series 2025 Bonds and confirm the levy of special assessments securing the Series 2025 Bonds (the "Series 2025 Assessments").

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE PARKSIDE TRAILS COMMUNITY DEVELOPMENT DISTRICT AS FOLLOWS:

SECTION 1. AUTHORITY FOR THIS RESOLUTION. This Resolution is adopted pursuant to the provisions of Florida law, including without limitation Chapters 170, 190, and 197, *Florida Statutes*, and Resolution 2025-01.

- SECTION 2. MAKING CERTAIN FINDINGS; APPROVING THE SUPPLEMENTAL ENGINEER'S REPORT AND SUPPLEMENTAL ASSESSMENT REPORT. The Board of Supervisors of the Parkside Trails Community Development District hereby finds and determines as follows:
- (a) On January 22, 2025, the District, after due notice and public hearing, adopted Resolution 2025-01, which, among other things, equalized, approved, confirmed, and levied special assessments on property benefitting from the infrastructure improvements authorized by the District. That Resolution provided that as each series of bonds were issued to fund all or any portion of the District's infrastructure improvements a supplemental resolution would be adopted to set forth the specific terms of the bonds and to certify the amount of the lien of the special assessments securing any portion of the bonds, including interest, costs of issuance, the number of payments due, the true-up amounts, and the application of receipt of true-up proceeds.
- (b) The First Supplemental Engineer's Report for the Parkside Trails Community Development District dated August 27, 2025, which supplements the Engineer's Report dated September 19, 2024, as revised January 10, 2025, prepared by the District Engineer Vanasse Hangen Brustlin, Inc., and attached to this Resolution as **Exhibit A** (collectively, the "**Engineer's Report**"), identifies and describes the presently expected components of the infrastructure improvements to be financed in part with the Series 2025 Bonds (the "2025 Project"), and sets forth the estimated costs of the 2025 Project as \$35,027,300. The District hereby confirms that the 2025 Project serves a proper, essential, and valid public purpose. The use of the Engineer's Report in connection with the sale of the Series 2025 Bonds is hereby ratified.
- (c) The First Supplemental Assessment Methodology for Parkside Trails Community Development District, dated November 6, 2025, attached to this Resolution as **Exhibit B** (the "**Supplemental Assessment Report**"), applies the adopted Master Assessment Methodology for Parkside Trails Community Development District, dated September 25, 2024, revised on January 29, 2025, and approved by Resolution 2025-01 on January 22, 2025 (the "**Master Assessment Report**"), to the 2025 Project and the actual terms of the Series 2025 Bonds. The Supplemental Assessment Report is hereby approved and confirmed. The District ratifies its use in connection with the sale of the Series 2025 Bonds.
- (d) The 2025 Project will specially benefit all of the developable lands within the District, as set forth in the Supplemental Assessment Report. It is reasonable, proper, just, and right to assess the portion of the costs of the 2025 Project financed with the Series 2025 Bonds to the specially benefitted properties within the District as set forth in Resolution 2025-01 and this Resolution.
- SECTION 3. SETTING FORTH THE TERMS OF THE SERIES 2025 BONDS; CONFIRMING THE MAXIMUM ASSESSMENT LIEN SECURING THE SERIES 2025 BONDS. As provided in Resolution 2025-01, this Resolution is intended to set forth the terms of the Series 2025 Bonds and the final amount of the lien of the Series 2025 Assessments securing those bonds. The Series 2025 Bonds, in an aggregate par amount of \$8,395,000, shall bear such rates of interest and mature on such dates as shown on Exhibit C attached hereto. The sources and uses of funds of the Series 2025 Bonds shall be as set forth in Exhibit D. The debt service

due on the Series 2025 Bonds is set forth on **Exhibit E** attached hereto. The lien of the Series 2025 Assessments securing the Series 2025 Bonds, as such land is described in **Exhibit B**, shall be the principal amount due on the Series 2025 Bonds, together with accrued but unpaid interest thereon, and together with the amount by which the annual assessments shall be grossed up to include early payment discounts required by law and costs of collection.

SECTION 4. LEVYING AND ALLOCATING THE SERIES 2025 ASSESSMENTS SECURING THE SERIES 2025 BONDS; ADDRESSING COLLECTION OF THE SAME.

- (a) The Series 2025 Assessments securing the Series 2025 Bonds shall be levied and allocated in accordance with **Exhibit B**. The Supplemental Assessment Report is consistent with the District's Master Assessment Report. The Supplemental Assessment Report, considered herein, reflects the actual terms of the issuance of the Series 2025 Bonds. The estimated costs of collection of the Series 2025 Assessments for the Series 2025 Bonds are as set forth in the Supplemental Assessment Report.
- (b) To the extent that land is added to the District and made subject to the lien of the Series 2025 Assessments described in the Supplemental Assessment Report, the District may, by supplemental resolution at a regularly noticed meeting and without the need for a public hearing on reallocation, determine such land to be benefitted by the 2025 Project and reallocate the Series 2025 Assessments securing the Series 2025 Bonds in order to impose Series 2025 Assessments on the newly added and benefitted property.
- (c) Taking into account earnings on certain funds and accounts as set forth in the Master Trust Indenture, dated November 1, 2025, and First Supplemental Trust Indenture, dated November 1, 2025, the District shall begin annual collection of Series 2025 Assessments for the Series 2025 Bonds debt service payments using the methods available to it by law. Beginning with the first debt service payment on May 1, 2026, there shall be thirty (30) years of installments of principal and interest, as reflected on **Exhibit E**.
- (d) The District hereby certifies the Series 2025 Assessments for collection and directs staff to take all actions necessary to meet the time and other deadlines imposed for collection by Lake County and other Florida law. The District's Board each year shall adopt a resolution addressing the manner in which the Series 2025 Assessments shall be collected for the upcoming fiscal year. The decision to collect Series 2025 Assessments by any particular method e.g., on the tax roll or by direct bill does not mean that such method will be used to collect Series 2025 Assessments in future years, and, subject to the terms of the indenture relating to the Series 2025 Bonds, the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices.

SECTION 5. CALCULATION AND APPLICATION OF TRUE-UP PAYMENTS. The terms of Resolution 2025-01 addressing true-up payments shall continue to apply in full force and effect.

SECTION 6. IMPROVEMENT LIEN BOOK. Immediately following the adoption of this Resolution, the Series 2025 Assessments as reflected herein shall be recorded by the Secretary

of the Board of the District in the District's Improvement Lien Book. The Series 2025 Assessments against each respective parcel shall be and shall remain a legal, valid and binding first lien on such parcel until paid and such lien shall be coequal with the lien of all state, county, district, municipal, or other governmental taxes and superior in dignity to all other liens, titles, and claims.

SECTION 7. ASSESSMENT NOTICE. The District's Secretary is hereby directed to record a Notice of Series 2025 Assessments securing the Series 2025 Bonds in the Official Records of Lake County, Florida, or such other instrument evidencing the actions taken by the District.

SECTION 8. CONFLICTS. This Resolution is intended to supplement Resolution 2025-01, which remains in full force and effect. This Resolution and Resolution 2025-01 shall be construed to the maximum extent possible to give full force and effect to the provisions of each resolution. All District resolutions or parts thereof in actual conflict with this Resolution are, to the extent of such conflict, superseded and repealed.

SECTION 9. SEVERABILITY. If any section or part of a section of this Resolution be declared invalid or unconstitutional, the validity, force, and effect of any other section or part of a section of this Resolution shall not thereby be affected or impaired unless it clearly appears that such other section or part of a section of this Resolution is wholly or necessarily dependent upon the section or part of a section so held to be invalid or unconstitutional.

[remainder of page intentionally left blank]

SECTION 10. EFFECTIVE DATE. This Resolution shall become effective upon its adoption.

APPROVED and ADOPTED, this 18th day of November 2025.

Engineer's Report

SUPPLEMENTAL ENGINEER'S REPORT

PREPARED FOR:

BOARD OF SUPERVISORS PARKSIDE TRAILS COMMUNITY DEVELOPMENT DISTRICT

ENGINEER:

VANASSE HANGEN BRUSTLIN, Inc. (VHB)

AUGUST 27, 2025

FIRST SUPPLEMENTAL ENGINEER'S REPORT FOR THE PARKSIDE TRAILS COMMUNITY DEVELOPMENT DISTRICT

1. PURPOSE

This report supplements the Parkside Trails Community Development District ("District") *Engineer's Report* dated September 19, 2024, as updated January 10, 2025 ("**Master Report**") in order to address the first phase of the District's CIP to be known as the "**2025 Project."** All capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Master Report.

2. 2025 PROJECT

The District's 2025 Project includes the portion of the CIP that is necessary for the development of what is known as "Phase 1" and "Phase 3" (collectively, "2025 Project Area") of the District as well as certain master improvements necessary for the development of the CIP.

Product Mix

The table below shows the product types that are within the 2025 Project Area:

Product Types

Product Type	Phase 1 Units	Phase 3 Units
60' LOTS	48	41
50' LOTS	65	40
40' LOTS	0	55
34' LOTS	50	55
20' TH LOTS	88	54
TOTAL	251	245

List of 2025 Project Improvements

The various improvements that are part of the overall CIP – including those that are part of the 2025 Project – are described in detail in the Master Report, and those descriptions are incorporated herein. The 2025 Project includes, generally stated, the following items relating to the 2025 Project Area: stormwater management; internal roadways; water and wastewater utilities; wastewater lift station and force main; reclaimed water main; reclaimed well and pump infrastructure; hardscape, landscape and irrigation; offsite utility improvements along Wellness Way, differential cost of undergrounding of electrical utility lines.

Current Status of Development

Currently, construction of the Phase 1 development infrastructure and the offsite utility improvement infrastructure is substantially complete. The District has acquired the completed on-site utility infrastructure within Phase 1 and the off-site utility infrastructure and those portions intended to be owned and maintained by the City of Clermont (i.e., water and wastewater utilities; wastewater lift station and force main, offsite utility improvements along Wellness Way) have been conveyed to the City. The District has acquired the completed stormwater management and internal roadway infrastructure within Phase 1.

Construction of the Phase 3 development infrastructure is underway and is expected to be substantially complete in the fourth quarter of 2025.

Permitting

All necessary permits for the construction of the 2025 Project Area have either been obtained or are currently under review by respective governmental authorities, and include the following:

<u>PERMITS</u>						
PERMIT	STATUS					
City of Clermont – Comprehensive Plan and Annexation	Approved					
City of Clermont – Zoning and PD Agreement	Approved					
City of Clermont – Preliminary Site Plan (PSP)	Approved					
City of Clermont – Site Development Plans (Phases 1 and 3)	Approved					
City of Clermont – Site Development Plans – Offsite Utility	Approved					
(Phase 1)						
Lake County – Offsite Utility (Phase 1)	Approved					
SJRWMD – Environmental Resource Permit (Phases 1 and 3)	Approved					
FDEP Water Construction (Phases 1 and 3)	Approved					
FDEP Wastewater Construction (Phases 1 and 3)	Approved					

Platting

A plat for the units within Phase 1 of the 2025 Project Area was recorded on September 17, 2024, in Plat Book 84, Page 79, of the Official Records of Lake County, Florida. A plat for the units within Phase 3 of the 2025 Project Area was recorded on June 27, 2025, in Book 86, Page 93, in the official records of Lake County, Florida.

Opinion of Probable Construction Costs

The table below shows the Opinion of Probable Costs that are necessary for delivery of the 2025 Project Area lots for the 2025 Project, which includes the improvements as described herein.

COSTS OF DELIVERING THE 2025 PROJECT

Improvement	Estimated Cost			
Phase 1				
Stormwater Improvements	\$	4,943,750.00		
Roadways	\$	3,282,000.00		
Water & Wastewater Utilities	\$	3,175,250.00		
Lift Station & Forcemain	\$	920,000.00		
Reclaim Water Main Utilities	\$	1,200,000.00		
Reclaim Well & Pump Infrastructure	\$	525,000.00		
Hardscape, Landscape & Irrigation	\$	1,350,000.00		
Offsite Utility	\$ \$	3,750,000.00		
Differential Cost of Undergrounding Electric	\$	570,000.00		
Phase 1 Subtotal	\$	19,716,000.00		
Other				
Phase 1 Soft Costs (10%)	\$	1,971,600.00		
Phase 1 Total	\$	21,687,600.00		
Phase 3	1			
Stormwater Improvements	\$	3,120,000.00		
Roadways	\$	3,037,500.00		
Water & Wastewater Utilities	\$	2,945,000.00		
Reclaim Water Main Utilities	\$ \$ \$ \$	1,232,500.00		
Hardscape, Landscape & Irrigation	\$	1,260,000.00		
Differential Cost of Undergrounding Electric	\$	532,000.00		
Phase 3 Subtotal	\$	12,127,000.00		
Other				
Phase 3 Soft Costs (10%)	Ś	1,212,700.00		
	7	_,,		
Phase 3 Total	\$	13,339,700.00		
PHASE 1 & PHASE 3 TOTAL	\$	35,027,300.00		

The costs in the table are estimated and rounded to nearest hundred. Further, they do not include anticipated carrying cost, interest reserves or other anticipated CDD expenditures that may be incurred.

This opinion of probable costs represents the Engineer's judgment as a design professional and is supplied for the general guidance of the District. The Engineer has no control over the cost of labor and material, competitive bidding or market conditions. While it is the Engineer's opinion that the costs identified herein are reasonable and sufficient for the design, construction and/or installation of the 2025 Project, the Engineer does not guarantee the accuracy of such opinions as compared to contractor bids or actual cost to the District.

3. CONCLUSION

The 2025 Project will be designed in accordance with current governmental regulations and requirements. The 2025 Project will serve its intended function so long as the construction is in substantial compliance with the design. It is further our opinion that:

- the estimated cost of the 2025 Project as set forth herein is reasonable based on prices currently being experienced in the jurisdiction in which the District is located, and is not greater than the lesser of the actual cost of construction or the fair market value of such infrastructure;
- all of the improvements comprising the 2025 Project are required by applicable development approvals;
- The 2025 Project is feasible to construct, there are no technical reasons existing at this time that
 would prevent the implementation of the 2025 Project, and it is reasonable to assume that all
 necessary regulatory approvals will be obtained in due course;
- the assessable property within the District will receive a special benefit from the 2025 Project that is at least equal to the costs of the 2025 Project.

The professional service for establishing the Construction Cost Estimate is consistent with the degree of care and skill exercised by members of the same profession under similar circumstances.

As described above, this report identifies the benefits from the 2025 Project to the lands within the District. The general public, property owners, and property outside the District will benefit from the provisions of the 2025 Project; however, these are incidental to the 2025 Project, which is designed solely to provide special benefits peculiar to property within the District. Special and peculiar benefits accrue to property within the District and enable properties within its boundaries to be developed.

The 2025 Project will be owned by the District or other governmental units and such 2025 Project is intended to be available and will reasonably be available for use by the general public (either by being part of a system of improvements that is available to the general public or is otherwise available to the general public) including nonresidents of the District. All of the 2025 Project is or will be located on lands owned or to be owned by the District or another governmental entity or on perpetual easements in favor of the District or other governmental entity. The 2025 Project, and any cost set forth herein, do not include any earthwork, grading or other improvements on private lots or property. The District will pay the lesser of the cost of the components of the 2025 Project or the fair market value.

Please note that the 2025 Project as presented herein is based on current plans and market conditions which are subject to change. Accordingly, the 2025 Project, as used herein, refers to sufficient public infrastructure of the kinds described herein to support the development and sale of the planned residential units in the District, which (subject to true-up determinations) number and type of units may be changed with the development of the site. Stated differently, during development and implementation

of the public infr	astructure i	mprovemer	nts as	described	for the	District,	it may	be nece	ssary to	o make
modifications and	d/or deviatio	ns for the p	lans, a	and the Dis	trict exp	ressly re	serves t	he right	to do so	э.

ENGINEER'S REPORT

PREPARED FOR:

BOARD OF SUPERVISORS PARKSIDE TRAILS COMMUNITY DEVELOPMENT DISTRICT

ENGINEER:

VANASSE HANGEN BRUSTLIN, Inc. (VHB)

SEPTEMBER 19, 2024 UPDATED JANUARY 10, 2025

PARKSIDE TRAILS COMMUNITY DEVELOPMENT DISTRICT

ENGINEER'S REPORT

1. INTRODUCTION AND PURPOSE

The purpose of this report is to provide a description of the capital improvement plan ("CIP") and estimated costs of the CIP for the Parkside Trails Community Development District ("District").

This Report is submitted based upon our professional opinion and is based on the best available information, and our best knowledge and belief as of the date of this Report.

The Parkside Trails development within the District (the "**Project**") is being developed by Pulte Home Company, LLC ("**Master Developer**").

The District has been established for the purposes of financing the acquisition and/or construction of certain public infrastructure necessary to support the orderly development of the District.

2. GENERAL SITE DESCRIPTION

The Project is a 285 acre +/- development located within the City of Clermont in Lake County, Florida. The Project is located within Section 24, Township 23, Range 26 and abuts Wellness Way Road on the south, the Orange County line on the east and future CR455 extension to the west.

The District boundary is smaller than the Project boundary, excluding the 20.7 acre retained future commercial parcel in addition to the southwest corner of the site, which is intended to be dedicated to the future CR 455 extension. **Exhibits 1 and 2** attached hereto shows the boundaries and legal descriptions of the District.

The existing zoning of the property is PUD. This type of land use allows for the single-family residential development as a permitted use. **Exhibit 4** attached shows the surrounding land uses.

3. PROPOSED CIP

The CIP is intended to provide public infrastructure improvements for the lands within the District, which lands are planned for up to 948 attached and detached residential homes. The proposed site plan for the Project is attached as **Exhibit 5A** to this report.

The CIP functions as a system of improvements benefitting all lands within the District. While the exact configuration and location of the Project is not yet final, the information set forth herein with respect to the Project is probable based on existing plans. The CIP is anticipated to serve the following lot types, although such lot types are subject to change:

TABLE 2 RESIDENTIAL DEVELOPMENT PROGRAM

LOT COUNTS (SUB PHASE)									
	PHASE 1 PHASE 2A PHASE 2B PHASE 3 PHASE 4A PHASE 4B PHASE 5 TO								
60' LOTS	48	40	36	41		20		185	
50' LOTS	65	53	61	40	5	67		291	
40' LOTS				55	39			94	
34' LOTS	50			55	27			134	
20' TH LOTS	88			54			104	246	
TOTAL	251	93	97	245	71	87	104	948	

In general, the CIP includes the following in association with developable land within the District.

- Stormwater management systems
- Internal Roadways
- Water and Wastewater Utilities
- Wastewater Lift Station and Force Main
- Reclaimed Water Main
- Reclaimed Well and Pump Infrastructure
- Hardscape, Landscape and Irrigation
- Offsite Utility improvements along Wellness Way
- Differential Cost of Undergrounding of Electrical Utility lines

More specifically, the CIP infrastructure includes:

Stormwater Management System:

The stormwater collection and outfall system are a combination of roadway curbs, curb inlets, pipe, control structures, and dry ponds designed to treat and attenuate stormwater runoff from District lands. The stormwater system within the project is landlocked. The stormwater system will be designed consistent with the criteria established by the St. Johns River Water Management District and the City for stormwater/floodplain management systems. The District will finance, own, operate and maintain the stormwater system.

NOTE: No earthwork on privately owned lands or lots is included in the CIP. Accordingly, the District will not fund any costs of transporting fill to, or any grading of, lots.

Internal Roadway Improvements:

The CIP includes subdivision roads within the District. Generally, all roads will be 2-lane undivided roads with one roundabout. Such roads include the roadway asphalt, base, and striping and signage and sidewalks within rights-of-way abutting non-lot lands. The main entry road will be divided and includes a section of roadway with decorative pavers. Sidewalks abutting lots will be constructed by the homebuilders. All roads will be designed in accordance with City standards.

All internal public roadways will be financed, owned, operated and maintained by the District, including any improvements outside of the curb (sidewalks, landscape, hardscape). To the extent there are private roadways within the CDD, such private roadways will be privately funded, owned, and maintained.

There are no anticipated impact fee credits associated with the construction of any of the internal roadways.

Water and Wastewater:

As part of the CIP, the District intends to construct and/or acquire water infrastructure. In particular, the on-site water supply improvements include water mains that will be located within rights-of-way and used for potable water service and fire protection. Water main connections will be made along Wellness Way.

Wastewater improvements for the Project will include onsite 8-12" diameter gravity collection systems, an 8" diameter force main, and master lift station to serve the development.

See attached Exhibit 5.

It is anticipated the CDD will finance the water and wastewater system construction and will be transferred by the District to the City of Clermont for ownership, operation and maintenance. There are no impact or connection fee credits associated with these improvements.

Reclaimed Water:

As part of the CIP, the District intends to construct and/or acquire reclaimed water infrastructure. In particular, the on-site reclaimed water improvements include 12-inch and 8-inch mains that will be located within rights-of-way and used for irrigation purposes.

At the time of this report, the City of Clermont does not have available reclaimed water supply in the area of the project. Therefore, the reclaimed water pipe will be connected to the Reclaimed well and pump system described below.

See attached **Exhibit 5**.

It is anticipated the District will finance, own, operate and maintain the reclaimed water system. In the event reclaimed water becomes publicly available to serve the site in the future, the system will connect to the alternate source, and ultimately transferred by the District to the City of Clermont for ownership, operation and maintenance. There are no impact or connection fee credits associated with these improvements.

Reclaimed Well and Pump Infrastructure:

As reclaimed water is not publicly available to the site at the time of this report, two groundwater wells have been permitted through SJRWMD to serve the site irrigation demands.

Improvements include a new primary 12" well with 250' casing, 460' depth and a 100HP pump producing 1300 GPM, as well as a new secondary 6" well with 250' casing, 460' depth and a 30HP pump producing 350 GPM.

It is anticipated the District will finance, own, operate and maintain the reclaimed well and pump infrastructure. There are no impact or connection fee credits associated with these improvements.

Hardscape, Landscape, and Irrigation:

The District will construct and/or install landscaping, irrigation and hardscaping within District common areas and Public rights-of-way. The irrigation system will consist of the smaller irrigation lines and services (separate from the reclaimed water mains described above). Moreover, hardscaping will consist of entry features and signage.

The City has distinct design criteria requirements for planting and irrigation design. Therefore, this project will at a minimum meet those requirements but, in most cases, exceed the requirements with enhancements for the benefit of the community.

All such landscaping, irrigation and hardscaping will be owned, maintained and funded by the District.

Off-Site Utility Improvements

Offsite water improvements include 7,750 LF of 16-inch watermain and 1,750 LF of 12-inch watermain along Wellness Way, complete with hydrants and fittings.

Offsite wastewater improvements include 7,800 LF of 8-inch force main along Wellness Way.

See attached Exhibit 5.

The District will fund and acquire these improvements and convey the improvements to the City of Clermont for ownership, operation and maintenance. There are no impact or connection fee credits associated with these improvements.

Streetlights / Undergrounding of Electrical Utility Lines

Streetlights are not included within the CIP, but instead may be leased through an agreement with the Sumter Electric Cooperative (SECO), in which case the District would fund the streetlights through an annual operations and maintenance assessment.

The CIP does however include the differential cost of undergrounding electrical utility lines within right-of-way utility easements throughout the community. Any lines and transformers located in such areas would be owned by SECO.

Professional Services

The CIP also includes various professional services. These include: (i) engineering, surveying and architectural fees, (ii) permitting and plan review costs, and (iii) development/construction management services fees that are required for the design, permitting, construction, and maintenance acceptance of the public improvements and community facilities.

The following table shows who will finance, own and maintain the various improvements of the CIP.

TABLE 3 RESIDENTIAL IMPROVEMENTS

Improvement	Financing Entity	Ownership Entity	Maintenance Entity
Stormwater Improvements	CDD	CDD	CDD
Roadways*	CDD	CDD	CDD
Water & Wastewater Utilities	CDD	City	City
Lift Station & Forcemain	CDD	City	City
Reclaimed Water Main Utilities	CDD	CDD	CDD
Reclaimed Well & Pump Infrastructure	CDD	CDD	CDD
Hardscape, Landscape & Irrigation	CDD	CDD	CDD
Offsite Utility	CDD	City	City
Undergrounding of Electric**	CDD	SECO	SECO

^{*}Roadways reflects all public roads located within the boundaries of the CDD. To the extent there are private roadways within the CDD, such private roadways will be privately funded, owned, and maintained. Off-Site Roadway Construction is intended to be privately funded and are not included in the CDD financing plan.

4. PERMITTING/CONSTRUCTION COMMENCEMENT

All necessary permits for the construction of the CIP have either been obtained or are currently under review by respective governmental authorities, and include the following:

TABLE 4 – PERMITS

<u></u>							
PERMIT	STATUS						
City of Clermont – Comprehensive Plan and Annexation	Approved						
City of Clermont – Zoning and PD Agreement	Approved

^{**}The CDD intends to lease streetlights through an agreement with Electric Provider. Accordingly, the CDD will not finance the lights but instead will fund them through an annual operations assessment. However, the CDD's improvement plan may include the differential cost of undergrounding the electric utilities.

5. OPINION OF PROBABLE CONSTRUCTION COSTS

Table 5 below presents, the Opinion of Probable Cost for the CIP. It is our professional opinion that the costs set forth in Table 5 are reasonable and consistent with market pricing for the CIP infrastructure.

TABLE 5 – OPINION OF PROBABLE COST

Improvement	Estimated Cost
Stormwater Improvements	\$ 13,780,000.00
Roadways	\$ 9,750,000.00
Water & Wastewater Utilities	\$ 10,680,000.00
Lift Station & Force main	\$ 920,000.00
Reclaimed Water Main Utilities	\$ 4,450,000.00
Reclaimed Well & Pump Infrastructure	\$ 525,000.00
Hardscape, Landscape & Irrigation	\$ 4,500,000.00
Offsite Utility	\$ 3,750,000.00
Differential Cost of Undergrounding of Electric	\$ 1,900,000.00
subtotal	\$ 50,255,000.00
Soft Costs (10%)	\$ 5,025,500.00
Contingency (15%)	\$ 7,538,250.00
TOTAL	\$ 62,818,750.00

Cost Opinion Notes:

1. The probable costs estimated herein do not include anticipated carrying cost, interest reserves or other anticipated CDD expenditures that may be incurred.

6. CONCLUSIONS

The CIP will be designed in accordance with current governmental regulations and requirements. The CIP will serve its intended function so long as the construction is in substantial compliance with the design. It is further our opinion that:

- The estimated cost to the CIP as set forth herein is reasonable based on prices currently being experienced in Lake County, Florida, and is not greater than the lesser of the actual cost of construction or the fair market value of such infrastructure;
- All of the improvements comprising the CIP are required by applicable development approvals;
- The CIP is feasible to construct, there are no technical reasons existing at this time that would prevent the implementation of the CIP, and it is reasonable to assume that all necessary regulatory approvals will be obtained in due course;
- The reasonably expected economic life of the CIP is anticipated to be at least 20+ years;
- All of the assessable property within the District will receive a special benefit from the Residential Improvements that is at least equal to such costs; and

The professional service for establishing the Construction Cost Estimate is consistent with the degree of care and skill exercised by members of the same profession under similar circumstances.

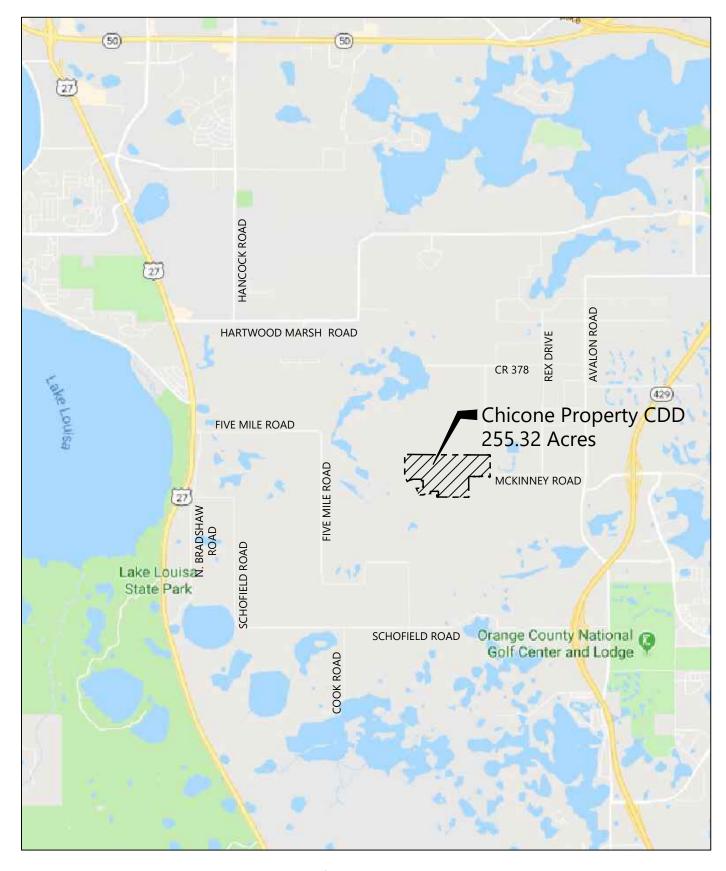

The CIP will be owned by the District or other governmental units and such CIP is intended to be available and will reasonably be available for use by the general public, including nonresidents of the District. All of the CIP is or will be located on lands owned or to be owned by the District or another governmental entity or on perpetual easements in favor of the District or other governmental entity. The CIP, and any cost estimates set forth herein, do not include any earthwork, grading or other improvements on private lots or property. The District will pay the fair market value or actual cost of public improvements comprising the CIP, whichever is less.

Please note that the CIP as presented herein is based on the Preliminary Site Plan (PSP) as approved by the City of Clermont in April of 2023 and is subject to market conditions which are subject to change. Accordingly, the CIP, as used herein, refers to sufficient public infrastructure of the kinds described herein (i.e., stormwater/floodplain management, wastewater, potable water, etc.) to support the development and sale of the planned residential units in the District, which (subject to true-up determinations) number and type of units may be changed with the development of the site. Stated differently, during development and implementation of the public infrastructure improvements as described for the District, it may be necessary to make modifications and/or deviations for the plans, and the District expressly reserves the right to do so.

PARKSIDE TRAILS COMMUNITY DEVELOPMENT DISTRICT NOTICE OF SERIES 2025 ASSESSMENTS (2025 PROJECT AREA)

PLEASE TAKE NOTICE that the Board of Supervisors of the Parkside Trails Community Development District (the "District") in accordance with Chapters 170, 190, and 197, Florida Statutes, adopted Resolution Nos. 2024-31, 2024-32, 2025-01, and 2026-01 (collectively, the "Assessment Resolutions"), providing for, levying and setting forth the terms of non-ad valorem special assessments constituting a governmental lien on certain real property within the boundaries of the District that are specially benefitted by the improvements of the Capital Improvement Program as defined and described in the District's adopted Engineer's Report dated September 19, 2024, as revised January 10, 2025, as supplemented by the First Supplemental Engineer's Report for the Parkside Trails Community Development District dated August 27, 2025 (together, the "Engineer's Report").

To finance the costs of the Capital Improvement Program, the District issued Parkside Trails Community Development District Special Assessment Bonds, Series 2025 (2025 Project Area), which are secured by the non-ad valorem assessments levied by the Assessment Resolutions (the "Series 2025 Assessments"), as described in the *Master Assessment Methodology for Parkside Trails Community Development District*, dated September 25, 2024, revised on January 29, 2025, and the *First Supplemental Assessment Methodology for Parkside Trails Community Development District*, dated November 6, 2025 (together, the "2025

Assessment Report"). The legal description of the lands on which said Series 2025 Assessments are imposed is attached to this Notice as **Exhibit A**. Copies of the Engineer's Report, the

Assessment Resolutions, and the 2025 Assessment Report may be obtained by contacting the

District at:

Parkside Trails Community Development District c/o Governmental Management Services, LLC

219 E. Livingston Street Orlando, Florida 32801

Ph.: (407) 841-5524

The Series 2025 Assessments provided for in the Assessment Resolutions were legally

and validly determined and levied in accordance with all applicable requirements of Florida law,

and the Series 2025 Assessments constitute and will at all relevant times in the future constitute,

legal, valid and binding first liens on the land against which assessed until paid, coequal with the

lien of all state, county, district and municipal taxes, and superior in dignity to all other liens,

titles and claims.

The District is a special-purpose form of local government established pursuant to and

governed by Chapter 190, Florida Statutes. Pursuant to Section 190.048, Florida Statutes, you

are hereby notified that: THE PARKSIDE TRAILS COMMUNITY DEVELOPMENT

DISTRICT MAY IMPOSE AND LEVY TAXES OR ASSESSMENTS, OR BOTH TAXES

AND ASSESSMENTS, ON THIS PROPERTY. THESE TAXES AND ASSESSMENTS

PAY THE CONSTRUCTION, OPERATION, AND MAINTENANCE COSTS OF

CERTAIN PUBLIC FACILITIES AND SERVICES OF THE DISTRICT AND ARE SET

ANNUALLY BY THE GOVERNING BOARD OF THE DISTRICT. THESE TAXES

AND ASSESSMENTS ARE IN ADDITION TO COUNTY AND OTHER LOCAL

2

GOVERNMENTAL TAXES AND ASSESSMENTS AND ALL OTHER TAXES AND ASSESSMENTS PROVIDED FOR BY LAW.

IN WITNESS WHEREOF, this Notice has been executed on the 20th day of November 2025, and recorded in the Official Records of Lake County, Florida.

SECTION D

This instrument was prepared by:

Ryan J. Dugan, Esq. **Kutak Rock LLP** 107 West College Ave Tallahassee, Florida 32301

DISCLOSURE OF PUBLIC FINANCE

The Parkside Trails Community Development District ("**District**") is a unit of special-purpose local government created pursuant to and existing under the provisions of Chapter 190, *Florida Statutes*. Under Florida law, community development districts are required to take affirmative steps to provide for the full disclosure of information relating to the public financing and maintenance of improvements to real property undertaken by such districts. The following information is provided to fulfill this statutory requirement.

WHAT IS THE DISTRICT AND HOW IS IT GOVERNED?

The District is an independent local unit of special purpose government, created pursuant to and existing under the provisions of Chapter 190, *Florida Statutes* ("**Act**"), and established by Ordinance No. 2024-025, which was enacted by the City Council of the City of Clermont, Florida, and which became effective on June 25, 2024. The District encompasses approximately 255.32 acres of land located within the City of Clermont, Florida ("**City**"). The legal description of the lands encompassed within the District is attached hereto as **Exhibit A**. As a local unit of special-purpose government, the District provides an alternative means for planning, financing, constructing, operating and maintaining various public improvements and community facilities within its jurisdiction.

The District is governed by a five-member Board of Supervisors ("Board"), the members of which are initially elected by landowners within the District and must be at least eighteen (18) years of age, a resident of the State of Florida ("State") and a citizen of the United States. Upon the later of six (6) years after the District's establishment and the year when the District next attains at least two hundred fifty (250) qualified electors, Supervisors whose terms are expiring will begin to be elected (as their terms expire) by qualified electors of the District. A qualified elector is any person at least 18 years of age who is a citizen of the United States, a legal resident of the State and of the District, and who is a registered voter in Lake County, Florida ("County"). At the election where Supervisors are first elected by qualified electors, two Supervisors must be qualified electors and be elected by qualified electors, each elected to four-year terms. The seat of the remaining Supervisor whose term is expiring at such election shall be filled by a Supervisor who is elected by the landowners for a four-year term and who is not required to be a qualified elector. Thereafter, as terms expire, all Supervisors must be qualified electors and must be elected by qualified electors to serve staggered four-year terms.

Board meetings are noticed in the local newspaper or as otherwise provided by Florida statute and are conducted in a public forum in which public participation is permitted. Consistent with Florida's public records laws, the records of the District are available for public inspection during normal business hours. Board members are similarly bound by the State's open meetings law and are subject to the same disclosure requirements as other elected officials under the State's ethics laws.

For more information about the District, please contact the District's Manager, c/o Governmental Management Services – Central Florida, LLC, 219 East Livingston Street, Orlando, Florida 32801, telephone (407) 841-5524 ("District Office").

DESCRIPTION OF PROJECTS, BONDS & ASSESSMENTS

The District is authorized by the Act to finance, fund, plan, establish, acquire, install, equip, operate, extend, construct, reconstruct, maintain, and/or operate community development facilities, services, and improvements within and without the boundaries of the District to consist of, among other things, roadway improvements, water, wastewater, and reclaim utilities, stormwater management system, landscaping, hardscaping and irrigation improvements, undergrounding of electrical utility lines, and all other infrastructure permitted by the Act.

To finance the construction of such projects, the District is authorized to issue bonds that are secured by special assessments levied against properties within the District that are benefitted by the projects. On March 19, 2025, the Circuit Court of the Fifth Judicial Circuit of Florida, in and for Lake County, entered a Final Judgment validating the District's ability to issue not-to-exceed \$82,515,000 in Special Assessment Bonds for infrastructure needs of the District.

Bonds & Assessments

On November 20, 2025, the District issued its \$8,395,000 Special Assessment Bonds, Series 2025 (2025 Project Area) ("Series 2025 Bonds") to finance a portion of its capital improvement plan known as the "2025 Project" ("2025 Project"). The 2025 Project includes, among other things, stormwater management, internal roadways, water and wastewater utilities, wastewater lift station and force main, reclaimed water main, reclaimed well and pump infrastructure, hardscape, landscape and irrigation, offsite utility improvements along Wellness Way, differential cost of undergrounding of electrical utility lines, and soft costs relating to Phase 1 and Phase 3 of the development within the District. The 2025 Project is estimated to cost approximately \$35,027,300 and is described in more detail in the Supplemental Engineer's Report for the Parkside Trails Community Development District, dated August 27, 2025, which supplements the Engineer's Report, dated September 19, 2024, and updated January 10, 2025 (together, the "Engineer's Report").

While the Engineer's Report identifies reclaimed water main, reclaimed well and pump infrastructure improvements as part of the 2025 Project, it was determined that the District would not finance, own, or operate such improvements; instead, the homeowner's association located within the development in the District would own and operate such improvements.

The Series 2025 Bonds are secured by special assessments ("Series 2025 Assessments") levied and imposed on benefitted lands within the District. The Series 2025 Assessments are further described in the *Master Assessment Methodology for Parkside Trails Community Development District,* dated September 25, 2024, updated on January 29, 2025 (the "Master Assessment Report"), and the *First Supplemental Assessment Methodology for Parkside Trails Community Development District,* dated November 6, 2025 (the "First Supplemental Assessment Report" and together with the Master Assessment Report, the "Assessment Report").

The District may undertake the construction, acquisition, or installation of other future improvements and facilities, which may be financed by bonds, notes or other methods authorized by the Act.

Operation and Maintenance Assessments

In addition to the Series 2025 Assessments, the District also imposes on an annual basis operations and maintenance assessments ("O&M Assessments"), which are determined and calculated annually by the Board in order to fund the District's annual operations and maintenance budget. O&M Assessments are levied against all benefitted lands in the District and may vary from year to year based on the amount of the District's budget. O&M Assessments may also be affected by the total number of units that ultimately are constructed within the District. The allocation of O&M Assessments is set forth in the resolutions imposing the assessments. Please contact the District Office for more information regarding the allocation of O&M Assessments.

Collection Methods

For any given fiscal year, the District may elect to collect any special assessment for any lot or parcel by any lawful means. Generally speaking, the District may elect to place a special assessment on that portion of the annual real estate tax bill, entitled "non-ad valorem assessments," which would then be collected by the Lake County Tax Collector in the same manner as County property taxes. Alternatively, the District may elect to directly collect any special assessment by sending a direct bill to a given landowner. For delinquent assessments initially billed directly by the District, the District may initiate a foreclosure action or may place the delinquent assessments on the next year's County tax bill. The District reserves the right to change collection methods from year to year.

Additionally, a detailed description of all of the District's assessments, fees and charges, as well as copies of the Engineer's Report, Assessment Report, and other District records described herein, may be obtained from the registered agent of the District as designated to the Florida Department of Commerce in accordance with Section 189.014, *Florida Statutes*, or by contacting the District Office. Please note that changes to the District's capital improvement plans and financing plans may affect the information contained herein and all such information is subject to change at any time and without further notice.

SECTION E

PARKSIDE TRAILS COMMUNITY DEVELOPMENT DISTRICT SPECIAL ASSESSMENT BONDS, SERIES 2025 (2025 PROJECT AREA)

(Acquisition and Construction)

The undersigned, a Responsible Officer of the Parkside Trails Community Development District (the "District") hereby submits the following requisition for disbursement under and pursuant to the terms of the Master Trust Indenture between the District and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"), dated as of November 1, 2025, as supplemented by that certain First Supplemental Trust Indenture dated as of November 1, 2025 (collectively, the "Indenture") (all capitalized terms used herein shall have the meaning ascribed to such term in the Indenture):

(A)	Rec	uisition	Number:	1

- (B) Identify Acquisition Agreement, if applicable; Agreement by and between the District and Pulte Home Company, LLC, Regarding the Acquisition of Certain Work Product, Infrastructure and Real Property dated September 19, 2024
- (C) Name of Payee: Pulte Home Company, LLC
- (D) Amount Payable: The lesser of \$11,982,651.99, which is the total eligible Cost of the Improvements (as defined herein), or \$7,851,144.57, which is the current balance of the Construction Account (as defined herein).
- (E) Purpose for which paid or incurred (refer also to specific contract if amount is due and payable pursuant to a contract involving progress payments): Acquisition of completed sanitary sewer, potable water, lift station and force main, offsite utility, stormwater, roadway infrastructure improvements and related earthwork in and for the development within the District and adjacent thereto (the "Improvements") pursuant to the Acquisition Agreement.
- (F) Fund or Account and subaccount, if any, from which disbursement to be made:

Series 2025 Acquisition and Construction Account of the Acquisition and Construction Fund ("Construction Account").

4934-8328-9207.2

_

¹ Not including balance to finish and retainage, the total costs paid by Payee for the offsite utility portion of the Improvements was \$2,724,972.58 as of December 30, 2024, and for the sanitary sewer, potable water, lift station and force main portion of the Improvements was \$3,339,436.79 as of November 30, 2024, and for the stormwater and roadway portion of the Improvements was \$6,064,409.37 as of June 15, 2025. Any amounts still owed to Payee after payment of this requisition may be paid with proceeds from additional monies released into the Construction Account at a future date and without further authorization from the District's Board of Supervisors or from a future series of bonds.

The undersigned hereby certifies that:

- 1. obligations in the stated amount set forth above have been incurred by the District,
- 2. each disbursement set forth above is a proper charge against the Series 2025 Acquisition and Construction Account;
- 3. each disbursement set forth above was incurred in connection with the Cost of the 2025 Project; and
- 4. each disbursement represents a Cost of 2025 Project which has not previously been paid.

The undersigned hereby further certifies that there has not been filed with or served upon the District notice of any lien, right to lien, or attachment upon, or claim affecting the right to receive payment of, any of the moneys payable to the Payee set forth above, which has not been released or will not be released simultaneously with the payment hereof.

The undersigned hereby further certifies that such requisition contains no item representing payment on account of any retained percentage which the District is at the date of such certificate entitled to retain.

Originals or copies of the invoice(s) from the vendor of the property acquired or the services rendered with respect to which disbursement is hereby requested are on file with the District.

RE: Acquisition of Certain Phase 1 Improvements

Dear Sir or Madam,

We are writing to request that the Parkside Trails Community Development District ("District") acquire from Pulte Home Company, LLC ("Developer") the public infrastructure improvements set forth in Exhibit A, which is attached hereto. Developer created the improvements consistent with the District's Engineer's Report, dated September 19, 2024, as amended and restated prepared by the District Engineer and the improvements are now complete. As set forth in more detail in a Bill of Sale dated on or about the same date as this letter, the Developer wishes to convey the improvements to the District in exchange for the payment of the actual Cost Paid of creating and/or constructing such Phase 1 improvements as shown on Exhibit A. The remaining costs shown on Exhibit A primarily consists of retainage, and the Developer will request these funds from the District at such point in time when retainage is released to the contractor. Please have the funds made payable to the Developer from the proceeds of a future issuance of bonds, once available.

Sincerely,

PULTE HOME COMPANY, LLC

CERTIFICATE OF DISTRICT ENGINEER RELATING TO ACQUISITION OF CERTAIN PHASE 1 AND OFFSITE IMPROVEMENTS

February 4, 2025

Board of Supervisors Parkside Trails Community Development District

Re: Parkside Trails Community Development District Acquisition of Certain Phase 1 and Offsite Improvements

Ladies and Gentlemen:

The undersigned, a representative of Vanasse Hangen Brustlin, Inc. ("District Engineer"), which has been retained as District Engineer for the Parkside Trails Community Development District ("District") pursuant to the Agreement for Professional Engineering Services dated ("Agreement"), hereby makes the following certifications in connection with an acquisition of certain water and wastewater improvements for Phase 1 and Offsite extensions ("Improvements"), as described in that certain bill of sale ("Bill of Sale") dated November 22, 2024 and that certain Affidavit of Costs Paid ("Costs Affidavit") dated November 22, 2024. Notwithstanding anything to the contrary herein, the Engineer shall have no liability arising out of or relating to and shall not be bound by the Bill of Sale or Costs Affidavit. The undersigned, an authorized representative of the District Engineer, hereby certifies as of the date above, to the best of its professional knowledge, information and belief in accordance with the terms of the Agreement, as defined herein, and the professional standard of care that:

- 1. I have reviewed certain documentation relating to the Improvements, including but not limited to, plans, schedules, and invoices.
- 2. The Improvements are within the scope of the improvements set forth in the Engineer's Report, dated September 19, 2024, prepared by the District Engineer ("Engineer's Report") in accordance with and subject to the terms of the Agreement, and specially benefit property within the District as further described in the Engineer's Report.
- 3. The total Costs Paid as shown in the Costs Affidavit associated with the Improvements are equal to or less than the following: (i) what was actually paid by Pulte Home Company, LLC, to create and/or construct the Improvements, and (ii) the reasonable fair market value of the Improvements.
- 4. All known plans, permits and specifications necessary for the future operation and maintenance of the Improvements are capable of being transferred to the District as necessary for operations and maintenance responsibilities.
- 5. With this document, I hereby certify that the representations included herein are true and correct to the best of my knowledge, information, and belief.

[Signature page follows]

Under penalties of perjury, I declare that I have read the foregoing certificate and that the facts stated in it are true.

RE: Acquisition of Certain Phase 1 Improvements

Dear Sir or Madam,

We are writing to request that the Parkside Trails Community Development District ("District") acquire from Pulte Home Company, LLC ("Developer") the public infrastructure improvements set forth in Exhibit A, which is attached hereto. Developer created the improvements consistent with the District's Engineer's Report, dated September 19, 2024, as updated January 10, 2025, and as may be further amended and restated, and the improvements are now complete. As set forth in more detail in a Bill of Sale dated on or about the same date as this letter, the Developer wishes to convey the improvements to the District in exchange for the payment of the Cost Paid in creating and/or constructing such Phase 1 improvements as shown on Exhibit A. The remaining costs shown on Exhibit A primarily consists of retainage, and the Developer will request these funds from the District at such point in time when retainage is released to the contractor. Please have the funds made payable to the Developer from the proceeds of a future issuance of bonds, once available.

Exhibit A: Description of Improvements and/or Work Product

EXHIBIT A

Description of Improvements

The following constitute the Improvements as constructed in and for the Parkside Trails Community Development District capital improvement plan as described in the District's *Engineer's Report* dated September 19, 2024, as updated on January 10, 2025, in and for the development of Parkside Trails, all located on portions of the real property as shown on the plat known as Parkside Trails – Phase 1, recorded in Plat Book 84, Pages 79-92 of the Official Records of Lake County, Florida:

All drainage and surface water management systems including but not limited to, surface water control structures, and pipes, and general conditions and earthwork associated therewith; and

All public roads, pavement, curbing and other physical improvements located within those public rights-of-way, to the extent not already reflected in Stormwater Management herein, and general conditions and earthwork associated therewith.

Improvement Description	Total Cost	Balance to Finish	Retainage	Costs Paid
Phase 1 Stormwater Management System	\$2,763,870.33	\$0	\$0	\$2,763,870.33
Phase 1 Internal Roadways	3,300,539.04	0	0	3,300,539.04
Totals	\$6,064,409.37	\$0	\$0	\$6,064,409.37

CERTIFICATE OF DISTRICT ENGINEER RELATING TO ACQUISITION OF CERTAIN PHASE 1 IMPROVEMENTS

August 2	1, 2025	5

Board of Supervisors Parkside Trails Community Development District

Re: Parkside Trails Community Development District Acquisition of Certain Phase 1 Improvements

Ladies and Gentlemen:

The undersigned, a representative of Vanasse Hangen Brustlin, Inc. ("**District Engineer**"), which has been retained as District Engineer for the Parkside Trails Community Development District ("**District**") pursuant to the Agreement for Professional Engineering Services dated January 22, 2025 ("**Agreement**"), hereby makes the following certifications in connection with an acquisition of certain stormwater system and roadway improvements for Phase 1 ("**Improvements**"), as described in that certain bill of sale dated <u>August 11</u>, 2025 ("**Bill of Sale**") and that certain Affidavit of Costs Paid dated <u>August 11</u>, ("**Costs Affidavit**"). Notwithstanding anything to the contrary herein, the Engineer shall have no liability arising out of or relating to and shall not be bound by the Bill of Sale or Costs Affidavit. The undersigned, an authorized representative of the District Engineer, hereby certifies as of the date above, to the best of its professional knowledge, information and belief in accordance with the terms of the Agreement, as defined herein, and the professional standard of care that:

- 1. I have reviewed certain documentation relating to the Improvements, including but not limited to, plans, schedules, and invoices.
- 2. The Improvements are within the scope of the improvements set forth in the *Engineer's Report*, dated September 19, 2024, as updated January 10, 2025, prepared by the District Engineer ("**Engineer's Report**") in accordance with and subject to the terms of the Agreement, and specially benefit property within the District as further described in the Engineer's Report.
- 3. The total Costs Paid as shown in the Costs Affidavit associated with the Improvements are equal to or less than the following: (i) what was actually paid by Pulte Home Company, LLC, to create and/or construct the Improvements, and (ii) the reasonable fair market value of the Improvements.
- 4. All known plans, permits and specifications necessary for the future operation and maintenance of the Improvements are capable of being transferred to the District as necessary for operations and maintenance responsibilities.
- 5. With this document, I hereby certify that the representations included herein are true and correct to the best of my knowledge, information, and belief.

Under penalties of perjury, I declare that I have read the foregoing certificate and that the facts stated in it are true.
